Background

The mission of the Shakespeare Center LA is to enrich and nurture personal growth, professional development and social change through engaging and accessible arts experiences inspired by Shakespeare's plays and poetry, with a special focus on empowering underserved youth and creating arts-based employment for veterans.

In January 2000, SCLA purchased and moved into its permanent downtown headquarters, which is strategically located within a two-block radius of three Title One high schools serving approximately 20% of the City of Los Angeles's youth living at the poverty threshold.

In recent years, SCLA has been a national leader and innovator in the field of arts and human services. Partnerships have included the **U. S. Department of Justice, the Los Angeles County Department of Mental Health, U. S. Department of Veteran Affairs Vocational Rehabilitation, Volt Workforce Solutions in Anaheim, and the Office of Linked Learning at the Los Angeles Unified School District.**
